

U. S AMBASSADOR PLANS TO QUIT SPANISH SOIL

Americans Leave Madrid By Special Train

Washington, July 27.—(AP)—Ambassador Claude G. Bowers arranged tonight to quit Spanish soil as the American heavy cruiser Quincy churned up the Mediterranean coast at Spain to the rescue of American reported to have fled revolution threatened Madrid aboard a special train.

The American envoy, cut off from communication for almost a week in his summer villa at Puente de Vallecas, today motored for a visit to the French port of Saint Jean De Luz, notified the state department that he planned to transfer tomorrow to the United States coast guard cutter Cayuga so as to be able to maintain contact with American consuls in Spain as well as with the department.

Most of his summer embassy staff, evacuated yesterday from San Sebastian by the Cayuga, were sojourning temporarily in Saint Jean De Luz.

The ambassador said he would return to Puente de Vallecas in the morning, presumably to gather up a few personal possessions, and board the Cayuga. The cutter will proceed along the Spanish coast as far as Vigo, he said, and will be available to go to any point on the north coast of Spain if needed.

It was presumed some members of his staff would accompany him.

The destination of the cruiser Quincy was Alicante, on the eastern Spanish seaboard, where the refugee train, also said to be carrying British Nationals, was expected to arrive tonight.

A British destroyer waited in the Alicante harbor. Officials here were not informed as to when the Quincy would arrive.

The cruiser, which was diverted from her maiden shakedown cruise in European waters to go to the protection of Americans caught in Spain's civil war, touched at Malaga briefly today, and sped on to Alicante.

Advices to the state department said the vessel would investigate conditions at Valencia and Barcelona, north of Alicante, as opportunity permitted.

An increasingly serious situation at Vigo, on Spain's western coast, meanwhile prompted American Consul William W. Corcoran there to evacuate 23 Americans and Cubans on a British cruiser.

Corcoran, who reported he was insulted publicly by uniformed and armed fascists at Vigo yesterday, informed the state department that apprehension was increasing hourly in the city as the military and right elements are apparently becoming less hopeful and increasingly nervous.

Should the military authority fail, he said, mob rule and anarchy would ensue. Notwithstanding this danger, Corcoran's wife and the wife of vice consul, Warren C. Stewart of Baltimore, elected to remain with their husbands in the consulate. Corcoran was appointed from Massachusetts, but there is no record of his home address in the United States at the state department.

Available for a quick run to Vigo, should assistance be required, was the American coast guard cutter Cayuga, which arranged to transfer the 56 coast guards aboard her to the American battleships Arkansas and Wyoming at sea.

The Cayuga yesterday evacuated the personnel of the American summer embassy and other foreigners from San Sebastian, on the northern Spanish coast not far from the French border.

Russia Working Toward Goal of Self-Sufficiency

Plan To Reduce Imports and Expand Her Exports

Moscow, July 27.—(AP)—Russia henceforth is going to buy less and borrow less, sell more and save more—toward the goal of self-sufficiency.

Furthermore, Foreign Trade Commissioner Archibald Rozengoltz told the conference for foreign trade today, it won't be necessary to send so many Soviet salesmen abroad—the buyers are flocking to Moscow.

The reason for the self-sufficiency program, he asserted, is clear: "In the present period of increasing military dangers, the necessity to prepare for defense and the significance of increasing gold reserves is apparent.

"Reduction of imports will be continued and intensified," during the third and current five year plan by which Soviet Russia maps its future, Rozengoltz said. He added: "We hope to get along almost without imports."

"Of course, exceptions will have to be made for bringing in the newest machinery and raw materials where we have shortages, but we must limit imports in order to accumulate reserves and drive the union further ahead toward self-sufficiency."

Begin Campaign Against Drunken Drivers in Ill.

Local Officials To Unite In Extensive Drive

Chicago, July 27.—(AP)—Illinois police magistrates, justices of the peace and constables joined tonight in a campaign to drive all drunken motorists off highways of the state.

Revocation of licenses of all intoxicated drivers was announced as an objective of the movement, which was described as the first of its kind "in any state."

The Illinois Magistrates, Justices and Constables association said its headquarters in Chicago would be used as a clearing house to keep an up-to-date "credit rating" for motorists just as business houses rate the credit of their clients.

When a person is arrested in one county, police in every other county of the state will hear about it, it was explained, the "first offense racket" would be eliminated.

A driver, once let off easy in one county on a plea that it was his first offense, would not be able to evade punishment in another county of the same plea.

Samuel Harrison, of Evanston, chairman of the board of the association, said the first step in the campaign would be tightened law enforcement along the Illinois borders.

At such points as Cairo, on the Kentucky line; Rock Island, Burlington and Quincy, on the Iowa line; Alton, East St. Louis on the Missouri line; Danville and Chicago Heights near the Indiana line, and Rockford, near the Wisconsin line, a "strick lookout" was promised.

Embezzler Hangs Self in Seattle

Was Shot in Accounts At Oak Park, Ill.

Seattle, July 27.—(AP)—Leaving a tender message to his wife Wyle D. Imhoff, 53, former head of the Oak Park, Ill., water department who was sought on embezzlement charges, took his life in a jail cell today.

His body, hanging by an improvised rope made of a torn blanket, was found by attendants.

"I am not doing this because I am a coward," he wrote in a note to Mrs. Esther Imhoff. "Please forgive me for the pain and suffering I have caused you, and for filling that cup to overflowing."

Imhoff had been sought since last March 12, when an audit showed a shortage of \$6,631 in Oak Park water department accounts. He had been discharged two days previously.

He was arrested in a downtown apartment Saturday and confessed the embezzlement, Detective Lieut. Peter Olson said.

OLD TIME RELIGION BACK, SAYS AIMÉE

Los Angeles, July 27.—(AP)—The rousing, vigorous "old time religion" of decades ago is enjoying a comeback in national popularity, auburn-haired Aimée Semple McPherson, preacher of the Four-Square Gospel, declared tonight.

"The depression," she said brought back "the need for a joyous, old time faith."

To bolster her assertion she pointed to attendance rolls of Angelus Temple's four daily services. She said 32,000 persons gathered under the big electrically lighted dome weekly to participate in "the old fashioned religion."

The trim, rich-voiced preacher still maintains her whirlwind pace, speaking at most of the 28 services held at the temple weekly.

ANTI-ROOSEVELT DEMOCRATS CALL DETROIT PARLEY

Leaders Await Knox Acceptance Speech Thursday

Washington, July 27.—(AP)—A group of anti-Roosevelt Democrats, including three who joined Alfred E. Smith in the unavailing call upon the Philadelphia convention to repudiate the New Deal, has been invited to confer in Detroit on August 7 about an active campaign to unseat the president.

While Mr. Roosevelt was reaching Campobello, New Brunswick, on the last leg of his vacation sail, the latest move against him in his own party became known today through its sponsor—Sterling E. Edmunds, lawyer and publicist of St. Louis, Mo.

This development stood out among the relatively few of the day with a possible bearing on the political situation. Governor Alf M. Landon, the Republican presidential nominee, considered plans for aiding drought-stricken counties of Kansas before receiving Col. Leonard P. Ayres, vice president of the Cleveland Trust Co. and Dr. Benjamin M. Anderson, of the Chase National Bank, New York, for a discussion of business prospects.

In Rome, after communication with Detroit, Bishop Michael Gallagher of Detroit said that representations of him "as personally opposed to the election of President Roosevelt are misleading." He is the ecclesiastical superior of the Rev. Charles E. Coughlin the radio priest.

Party leaders were awaiting the speech in Chicago Thursday in which Col. Frank Knox, of Illinois, will accept the Republican vice-presidential nomination as the last formal preliminary to the road campaigning. The publisher returned to his home there after drafting his address in Manchester, N. H., saying he was set "to get to work in earnest."

On the Democratic organization side, matters were comparatively quiescent. Completion of the president's visit to Canada, and a possible tour of Vermont areas hit by floods this spring on the way back to Hyde Park, N. Y., was expected to be followed by more definite campaign planning.

Several Employees Fired for Working As Campaigners In State

Oklahoma City, July 27.—(AP)—Renewed charges and counter charges of political activity by WPA workers brought Oklahoma's Democratic senatorial primary campaign to a heated close tonight, with each of the two new debate-bids for the Townsend vote.

Supporters of Gov. E. W. Marland and Rep. Josh Lee, Democrats contesting for the nomination, repeated assertions that WPA employees were being used as campaigners in rival camps.

A recent investigation of some of the charges led Aubrey Williams, assistant WPA administrator at Washington, to discharge several workers progress administrative employees in the state. Williams declared some of them had been active for Lee.

But Lee headquarters argued the investigation was made at Marland's request and Malcolm Miller, regional WPA director who took charge of the inquiry, was the governor's personal friend. Lee accused the governor of marshaling state employees to his support.

Last minute skirmishes by both candidates to bring Townsend supporters into their camps followed the action of Governor Smith, national Townsend vice president, in turning his support to Marland after he was edged out of the runoff by a few thousand votes in the first primary. That election also saw the defeat of the veteran Senator Thomas P. Gore.

Smith, who opposed a move to have the national Townsend convention at Cleveland officially endorse a third party movement, termed Lee "the choice of the special interests."

WAR ACE SAVED FROM DEATH BY PARACHUTE

POLITICAL LEADERS ATTEND RITES FOR WILLIAM O'CONNELL

Chicago, July 27.—(AP)—Political leaders of the city and state today attended funeral services of William L. O'Connell, campaign manager for U. S. Senator James Hamilton Lewis for 25 years and general receiver for closed state banks who died Friday. Burial was in Holy Sepulchre cemetery.

Leaders attending included Governor Horner, U. S. Senators Lewis and William H. Dieterich, Democratic National Committee Chairman Patrick A. Nash, U. S. District Attorney Michael L. Igoe, Mayor Edward J. Kelly and State Attorney Thomas J. Courtney.

KNOX OUTLINES ITINERARY

Chicago, July 27.—(AP)—Col. Frank Knox, Republican nominee for vice-president, announced tonight he would take the stump early in August on a campaign tour that would carry him into "virtually every state" in the union before election day in November.

He said his itinerary had been tentatively outlined at a conference with John Hamilton, chairman of the Republican national committee, and U. S. Senator Thomas H. Vandenberg (R-Mich.).

'Twas a Fine Crop—for 'Hoppers!

Row upon row of gaunt, parched stalks, every vestige of leaf and ear stripped from them by voracious grasshoppers—this was the dismal scene that greeted Charles E. Geiger, pioneer Oklahoma farmer, when, as shown above, he visited his bottomland cornfield near Blackwell, Okla. With the ravages of 'hoppers and drought combining to destroy forage and feed crops for winter use, Geiger admitted he had never seen anything like it in all his 71 years.

Madrid, July 27.—(AP)—The Spanish government, pressing new offensives against insurgent strongholds, claimed tonight in a radio broadcast that "the rebel government has been mastered by the Republican government."

The official assertion of success in Spain's eleven-day civil war came as American and British refugees fled from this capital by train to Alicante, where they were expected to board a British destroyer.

Premier Jose Giral Pereira's administration declared Alcazar fortress at Toledo, south of Madrid, a rebel stronghold for several days, had surrendered to government troops, who took control of the whole city.

Revolts in the Guadarrama mountains north of Madrid were forced to retreat with heavy losses before government troops and militiamen, the government declared.

Half a dozen bloody engagements were in progress in the south as loyalists pressed on Seville, Cordoba and other points. Government forces also were moving on Zaragoza in the northwest, the Madrid regime said.

The capital and central Spain in general were firmly in the grasp of the government, together with virtually the entire east coast from Barcelona to Malaga and a strip along the north central coast from Irun to Santander.

Unconfirmed reports from the south said the Alcazar barracks and military school at Toledo, the city built on a rock, had surrendered before an attack of government tanks, armored cars and bombing planes. Pierce fighting was reported throughout the day in that city, a short distance from the Spanish capital.

Further to the south the government claimed advances toward Cordoba and Seville, to the north, the Guadarrama passes safeguarded, the loyalist troops were concentrating on Seville.

The rebels, the rebels stronghold, was the scene of heavy fighting with 2,000 government troops reported in contact with loyal militia within the city.

Heavy rebel losses were attributed to artillery attack in the Guadarramas. Wounded loyalists were being returned here, to hotels commandeered for hospitals.

DEFICIT FIGURE IS KEPT DOWN BY REPAYMENTS

Five Lending Agencies Make Report To Treasury

Washington, July 27.—(AP)—Reports by five new deal lending agencies that repayments had exceeded new loans since July 1 today were shown at the treasury to have kept the deficit at a figure far below that on the same date last year.

In computing both the figures for the deficit and for "recovery and relief" for publication in the treasury's daily statement, officials revealed that the excess of repayments had been reduced from amounts spent by other branches of the government to produce net totals.

The RFC, the Commodity Credit corporation, the Farm Credit Administration banks, the AAA (seed and feed loans), and the export-import banks, the figures showed, have received \$242,518,923 more in repayments since July 1 than they have expended in new loans.

Other emergency agencies have spent \$268,949,512, but the daily statement, presenting a net figure, deducted the excess of repayment and totaled expenditures for "recovery and relief" at \$25,430,598. On the same date a year ago the figure was \$207,329,154.

The net expenditures figure is the only one considered in the calculation of the deficit. The \$26,450,598 is added to \$268,932,692 of "general expenditures" to produce a grand total of \$315,413,290 spent for all purposes.

From that sum, total receipts, \$322,211,268, are then subtracted, placing the deficit in today's statement at \$63,202,122. For the same period a year ago, when no agency reported an excess of repayments, the deficit was \$422,761,031.

Of the agencies reporting an excess of repayments, the RFC's contribution was greatest, \$157,883,300. The others were the Commodity Credit corporation, \$77,951,039; the AAA, \$4,518,697; the Farm Credit administration, \$2,053,329, and the export-import banks, \$112,553.

Democrats Ready To Begin Fight Says Jim Farley

Six Democratic Governors To Discuss Landon Speech On Radio

New York, July 27.—(AP)—Democratic Chairman James A. Farley declared the Democratic campaign was about to enter "its fighting phase" today as Republican headquarters made public a schedule of 11 regional broadcasts planned by Republican Chairman John D. M. Hamilton in the west.

Referring to a broadcast tomorrow night in which six Democratic governors will discuss Governor Alf M. Landon's acceptance speech, Farley said: "The Democratic campaign to reject President Roosevelt enters its fighting phase Tuesday night."

"The acceptance speech of the Republican nominee will be put under the close-up examination of six of his fellow-governors."

"Radio people tell us that this broadcast is unique in the history of political radio. We are sure that what the governors have to say about Mr. Landon's speech will also be unique."

The governors who will speak are Theodore F. Greene of Rhode Island, George H. Earle of Pennsylvania, Henry Horner of Illinois, Clyde L. Herring of Iowa, Roy L. Cochran of Nebraska and Charles H. Martin of Oregon.

Each speaker, Farley said, will take up one aspect of Governor Landon's speech and state what he understands to be the reaction in his state.

Marshal and Aides In Eviction Battle

Chop Through Barbed Wire and Sandbags

New York, July 27.—(AP)—A Brooklyn City marshal and three assistants chopped their way through a barbed wire and sandbag barricade today to effect the eviction of embattled Mrs. Toni Maxwell, in Sunnyside, residential area in Queensborough.

One of 300 home owners fighting mortgage interest rates, Mrs. Maxwell was the fifth person evicted in a series of 100 mortgage foreclosures in Sunnyside. Nine more evictions are scheduled for this week.

When Marshal Daniel L. Hicks and three assistants reached the home, they found the barricade built by several hundred neighbors, who stood on stairways and roofs and showered the evictors with pepper and flour.

Sneezing from the pepper, the crew cut its way through the barricade, broke down a door, placed Mrs. Maxwell's furniture in the street, turned the house over to the Mortgage company, and then sealed the building.

A. C. Roberts was a local caller yesterday from Franklin.

WPA STRIKE ENDING

Taylorville, Ill., July 27.—(AP)—Christian county WPA officials today said most of the several hundred men who quit work last week in a demand for higher pay would be back at their jobs Wednesday, although strike leaders refused to say the walkout had ended.

Approximately 300 men worked today on projects in different parts of the county, making up time lost by the walkout, said L. C. Laswell, county WPA supervisor.

Conscription Is Nat'l Kidnaping Says Gen. Butler

Bewails Draft System in Address At Carbondale

Carbondale, Ill., July 27.—(AP)—Major General Smedley Butler, retired marine, in a talk here today characterized national conscription in time of war as "national kidnaping."

"The government," Butler said, "would spend thousands running down kidnapers of a rich brewer's child but would kidnap a soldier for war."

"I would like to see a president of the United States take an oath not to send a soldier to foreign soil—not even to an American possession. A soldier does not know why he is fighting—a few of the rich decide there is to be a war."

Commission Hears Story of Company Buying Own Stock

Securities Commission Begins Inquiry Into Investment Trusts

Washington, July 27.—(AP)—Opening a congressionally ordered investigation of investment trusts, after winning a preliminary court skirmish, the securities commission today ran into a suggestion that one large company had bought its own stock to "bail out" bankers.

A question from commission counsel suggesting the Interstate Equities Corporation of New York had bought its own stock from the Bancamerica-Blair Corporation "to bail the bankers out of their position" in it was hotly denied by a former president of the trust.

Edward R. Tinker, the former president, also quickly denied that a balance sheet shrinkage in the trust's assets from \$25,000,000 in 1929 to \$4,450,000 in 1932 represented a "loss."

The hearing started after the commission had won the initial round in a court battle involving its authority to proceed with the inquiry.

In federal district court here, Judge Oscar Lühring denied a plea by Frederick T. Fisher of New York to prevent the commission from obtaining records of the Equities Corporation of New York, of which Fisher is a stockholder.

Judge Lühring announced, however, he would hold a hearing on Fisher's action August 5.

Pending a final court decision, counsel agreed the commission should proceed with the hearing without using Equity records.

In New York, Fisher issued a statement saying his action was designed to test the authority of the government to claim the time of business men.

Schenker conducted the questioning at the commission hearing, before Commissioner Robert E. Healey. Tinker was the first witness.

Robert Renner of Alsey Dies Monday Evening At Alton

Funeral Services for Former Bank President Will Be Wednesday

Alsey, Ill., July 27.—(AP)—Robert Renner, 78, former president of the Alsey State Bank, passed away at the home of his sister, Mrs. John Robertson, at Alton, Ill., Monday evening, according to word received by relatives here tonight.

Mr. Renner spent practically his entire life in Scott county. For several years he engaged in farming, but retired several years ago to enter the business life of Alsey. For more than six years he was president of the bank here and engaged in several lines of business.

He was very active in community affairs and served as county commissioner of Scott county several years.

About three years ago Mr. Renner's health failed and since that time he has made his home with his sister in Alton.

He is survived by two sisters, Mrs. Robertson at Alton and Mrs. Blanche Jackson of Alsey. He also leaves several nieces and nephews.

Funeral services will be held at Alton, Wednesday morning at 10 o'clock. The remains will be returned to Scott county for burial.

TO ASK REVERSAL

Chicago, July 27.—(AP)—William L. Ransom, president of the American Bar Association, said today that organization would be asked to reverse its stand against the proposed child labor amendment to the United States constitution at its annual meeting in Boston Aug. 24.

Ransom said a "considerable number" of members had expressed themselves as feeling the association should reverse its stand and support the amendment.

J. Carrigan was here yesterday from Woodson.

ADVOCATES MILITARY TRAINING

Salem, Ill., July 27.—(AP)—Military training for CCC camps to "combat the spread of communism" among the enrollees was advocated here tonight by James E. Van Zandt, national commander of the Veterans of Foreign Wars.

Speaking in his second address of the day at the 53rd annual Marion county soldiers' and sailors' reunion, the VFW chief criticized "the pacifist influence" which he said prevented military training in the CCC.

DROUGHT SENDS EXPECTATIONS FOR CORN DOWN

Crop Conditions In State Termed Spotted

Chicago, July 27.—(AP)—Drought blight deepened in the cornbelt today with three of its big producing states revising yield expectations downward.

In Iowa, the premier corn grower, Federal Agricultural Statistician Leslie M. Carl, estimated that for 20 counties along the western and southern borders 80 to 90 per cent of the crop was ruined.

For 13 other counties in the same area, Carl said the prospects were the worst "they've ever been" and scattered than for the drought year of 1934. Only the northeast fourth of the "fall corn" state, Carl said, had a chance to raise a "decent crop."

Wisconsin's corn has been irreparably damaged, reported Walter M. Ebling, statistician for the state-federal reporting service.

"Rain will be of little benefit to the corn crop from now on," he added.

One hundred degree heat again prevailed in downstate Illinois, as Statistician A. J. Suratt said the "drought remains unbroken" except for scattered favored areas. "Illinois corn condition has become extremely spotted," he declared.

With no general rains predicted, corn prices soared on the Chicago board of trade and closed 2 to 2 1/2 cents above Saturday's final figures, despite profit taking. September delivery ended at 90 1/2.

The steadily widening drought emergency area for federal relief activities was broadened to include WPA help for Kansas and Nebraska. An announcement by Howard O. Hunter, assistant administrator of the WPA, said he was sending a field representative to confer with state WPA heads regarding a program of employment for destitute farmers.

At Topeka, U. S. Senator Arthur Capper wired the Washington authorities for immediate allotment of funds, saying "thousands of farm families are facing destitution."

Gov. Alfred M. Landon said state authorities had reached two decisions: to renew a request for emergency freight rates on feed shipments, cattle and water pumping equipment, and to borrow water pumping equipment from oil companies.

Eggs joined the ranks of commodities which have been sped to new peak prices by reason of the drought or its concomitants. Market reports indicated that country collections have fallen off considerably. The October contracts sold at 28 1/2 cents, down compared with 25 1/2 a year ago.

In the center of the widespread drought belt, the Mississippi river dropped to a new low for the year at Rock Island, Ill., 0.1 foot under the gauge low water mark. It was the first time the reading had fallen below the zero reading in July.

One of the middle west's new crops, soy beans, was reported "holding up" well in the main commercial belt" despite the dry spell by Illinois crop authorities. The beans hit a new high of \$1.29 a bushel here on the week-end.

Search for Body Of Slain Youth

Said To Have Been Shot By Boyhood Chum

Clintonville, Wis., July 27.—(AP)—Darkness forced abandonment tonight of the search by 25 men for the body of the Janesville, Wis., youth reported robbed and slain by a boyhood chum on July 13.

Searchers who poked through the heavy underbrush along the Embarras river since late this afternoon said they had located the approximate spot where the body was said to have been buried in a shallow grave. They planned to resume the hunt at dawn.

The party centered its work in the Arthur Salomon farm after Tacoma, Wash., police said Lawrence Marks, 10, son of a Clintonville pastor, confessed robbing and killing Robert Bernstein, 24, with a .22 calibre rifle while camping on the river bank, eight miles northwest of here.

Salzman said Marks and Bernstein had been in the habit of fishing where the river runs along his farm.

His daughter, Theda, about 17, said she went riding with the young men on Sunday, July 12, that they seemed on the "best of terms" and had planned a fishing trip for the following day. In his confession, Tacoma police said, Marks admitted the slaying took place July 13.

Let The Plants Go!

For many weeks Jacksonville people have been watering their withered flowers and sprinkling their parched lawns in a valiant attempt to save them from the scorching sun. But the unrelenting rays of Old Sol have continued to make such watering seem futile.

Now comes the bad news that the city water supply is at an alarmingly low point. There is no immediate emergency, the officials say, but there may be, if rain doesn't fall into the local watershed in the near future. The lake has been shrinking rapidly the last week or two due to increased water consumption and more evaporation. All one needs to do to realize that the situation is none too good is to drive out to the east side of Lake Mauvasterre near the Woods farm—there where the lake used to be there is nothing but dry land.

The farmers of this community, like the farmers of the entire midwest, have had to sit by and watch their crops wilt and dry up under the blazing sun. Now the city folk will have to refrain from using the hose on their gardens. They will have to join the farmers in their prayers for rain.

It is a disheartening spectacle. But when such a catastrophe strikes, we just have to make the best of it. The residents of the Dakotas have had to leave their farms. Surely, the people of Jacksonville will refrain from watering their lawns and gardens so that our water supply may be conserved. It was done in 1934. It can be done again.

After all, it is far more essential that we save our water for drinking, bathing, and sanitary purposes than to save our gardens from destruction. So, since we must make a choice of which to drop and which to preserve, we say, "Let the plants go."

A Summer Pastime

He whom the cartoonist and author calls the "average citizen" may find a great deal of surplus time hanging around in July and August. There is the period of vacationing, hot weather sports and that popular distraction, sun tanning—but the usual sensation is of having a number of extra hours that weight a bit heavy on the summer scene.

Drawing the conclusion that there is not as much to do, especially in a college town, establishes the news attitude that local happenings break into print less often. Lectures, concerts, college and high school events and mass meetings are not being staged to take up the big spots in the headlines.

But just around the corner, or down town, or somewhere near you, people are living to make bits of news as usual. In the city these personal things and colorful happenings are lost in a tangle of "scoops" and insufficient space. The collection of strictly local items over a period of a few weeks is a most satisfying diversion.

So, for a summer pastime, clip your daily Journal or Courier. Paste the news together in a readable form. Edit a scrapbook of your home town happenings. They will begin to interest you in the people on the street every day.

Such a pastime might even rival the front page kidnappings, murders, divorces and calamities—may emphasize the fact that Jacksonville exists as well as Washington, Chicago or Geneva.

Behind The Scenes In Washington

Landon Can't Be Blamed for Lobbying Activities of His Uncle... Roper Looks After His Friends... Strike Gives Insight Into Bitter Feeling of Labor Factions... Nazis on Their Best Behavior for Olympic Games.

By Rodney Dutcher (Courier Washington Correspondent) Washington—No man has ever been denied the presidency because of his uncle's occupation.

The effort of Pennsylvania Democrats to strike at Gov. Alf Landon by publicizing the fact that his uncle, William T. Mossman, is a lobbyist for the anti-labor Jones & Laughlin Steel Corporation can hardly be expected to switch many votes.

Even if it is proved, as charged, that Mossman worked effectively against relief and social security

measures in the Pennsylvania legislature, no fair-minded person will blame the Kansas governor for that. But the attack is a prelude, nevertheless, to a concerted New Deal effort to picture Landon as a pal or tool of the "big interests."

One phase of this attempt will come in connection with Landon's anticipated early campaign speech at his birthplace, West Middlesex, Mercer county, Pa.

Mercer county is in the congressional district of Congressman Dennis J. Driscoll, who, in the famous "Elmer" incident, first revealed that electric power companies were causing sales of fake telegrams to be sent to Congress against the Wheeler-Rayburn holding company bill.

Power companies have joined with Joe Grundy's Pennsylvania Manufacturers' Association in the effort to beat Driscoll this year and Democrats will use the expected Landon rally to try to tie the Republican candidate in with the power interests and the effort to lick Driscoll.

Roper Looks After Friends

Perhaps Secretary of Commerce Daniel C. Roper is more helpful to the president than are the other cabinet members. Or perhaps not.

Cabinet members and others have been making suggestions or recommendations for membership on the Maritime Authority, whose job will be to build up and supervise the American merchant marine. Hardly anyone suggested more than five names.

But Uncle Dan submitted 118 names. Whether any of them were underlined or asterisked isn't known. But it's understood that the secretary had told quite a number of people that he would be glad to mention them to the president for such a job and he seems to have kept his promises.

Labor Bitterness Bared

Evidence of the bitterness of internal dissension in organized labor was provided during the recently settled strike of the United Electrical and Radio Workers, a new industrial union, at the RCA plant in Camden, N. J.

The International Brotherhood of Electrical Workers, a craft union represented on the A. F. of L. executive council, had at least 30 representatives in Camden, seeking to break the strike.

Just before the walkout, President William Green of the A. F. of L. telephoned David Sarnoff of RCA and urged him to make no agreement with the strikers.

John L. Lewis and the Committee for Industrial Organization backed the UERW secretly, but not openly, preferring not to get into a fight with the IBEW while under charges of "dual unionism." But at the end Lewis went to Camden and negotiated a settlement for the strikers.

Nazis on Best Behavior

Appropos of "National Laugh Week" in Germany in connection with the Olympic games in Berlin, reports from usually reliable foreign sources say that Nazis are delaying both further acts of aggression across German borders and a new terror drive against Jews until after the games are over.

Herr Goering publicly said a while ago that the Olympics must be considered a great opportunity for German Nazi propaganda. The word has percolated around that "nothing will happen until after the Olympics," but then the persecution of Jews is expected to resume.

This prediction is presented with every hope that it's cockeyed. (Copyright, 1936, NEA Service, Inc.)

Firemen Answer 5 Calls In Two Days

Grass Fires Cause Three Runs; No Damage Found In Any Blaze

The Jacksonville Fire Department was kept on the run Sunday and yesterday, answering four alarms Sunday and one yesterday morning. None of the fires reported were of a serious nature.

At 9:35 Sunday morning the department rushed to the W. G. Goebel home, 1428 South Main street, where a grass fire threatened to destroy a barn and several sheds. The blaze was extinguished before any damage had been done.

At noon Sunday a run was made to the Stout Coal Co. on North Sandy street, where a pile of slack coal began to smolder. The next job the local firefighters had Sunday was to put out a grass fire on South East street, just south of Michigan avenue. A telephone pole was on fire there. This was at 1:45 p. m. Then, in less than an hour, an alarm was sent in from Nichols Park, where an automobile belonging to a Miss Johnson was aflame due to faulty wiring.

For the rest of the day no calls came in, but yesterday morning at 8 o'clock the firemen made a run to East Morton, where a brush fire in back of Wagner's restaurant threatened to get out of control. The blaze was immediately extinguished.

Award Prizes At Trinity Vacation School Sunday

Pageant Presented at Church Yesterday Climaxes Summer Work

The final chapter of Trinity church Vacation School closed with the Sunday morning service, July 26. The beautiful singing of the children's choir, the "Pageant of the Holy Grail" and the exhibition of work of the school forcibly proved the great success of this unusual and worth while movement, under the direction of the rector, Father Stoddard Patterson.

The pageant "Youth's Search for the Holy Grail" given by the students of the dramatic class, under the able direction of Miss Edith Elliott, assisted by Miss Ann Fancher, was a notable success.

At the close of the service in the church, all entered the Parish House to see the colorful exhibition of the work of the vacation school. The array of handicrafts on tables and walls brought out flattering comments, for they not only spoke of the ability and earnest efforts of teachers but of the happy response of the students.

A demonstration by the tap dancing students, and the serving of light refreshments by the cooking classes immediately preceded the awarding of the following prizes:

Two grand prizes for general good work, courtesy, consideration and helpfulness throughout the entire three weeks of school:

Tom Bussey, Ping Pong Set, Donna Knox, Crochet Set. Three prizes to those enrolling the largest number of students, John Self, \$3.00; Dale Crowcroft, \$2; Edward Knox, \$1.

Perfect Attendance, prizes, gold crosses, Janet Englund, Marjorie White, Gertrude Crawford, Mary Bentina, Rose Bentina, Keith Stocker, Alma Jean Stocker, Don Martin, Arthur Martin, Dale Crowcroft, Ross Crowcroft, Lois Crowcroft, Jack German, Paul and Nancy May, Ed and Don Andrews, Virginia Shenkel, Augustine Mahieu, Evelyn Richard and Daisy Tewell, Anita Anderson, Phillip Hauck, Paul Lasley, Tom Jones, Thelma Leoma and Tom Le Beau, Phyllis Stone, Betty Hamilton, Helen Summers, Donna Moore, Marjorie Ring, Bonnie Wood, Donna Knox, Stice, Mather Lee Myers, LeRoy Purgerson, Glen Sims, Elsie Hopkins, Donna Lamb, Townsley, Edna Fern Lamb, Ed Lamb, Betty Lou Walker, Goveria, John Grogan, Ruth Grogan, Nancy Hughes, Billie Hughes, Warren Moss, Anabelle White, Margery Anna Franklin, Barbara Ann Jannopolou, Nancy Engleman, Leona Todd, Mary Bernice, Margery and Mary Margaret Madeville.

Class prizes—First, blue ribbon; second, red; third, white. Weaving—Anabelle White, Nancy Hughes, Mildred Wheeler. Wood-working—Lawrence Woods, Glen Sims, Phillip Hauck. Metal work—Tom Jones, Helen Lee Woolsey, John Grogan.

Vorhees; second, Ed Knox, third, Tom Jones.

Nature Study—First prize awarded to Glen Sims for general excellence in the work, competence and interest.

Puppetry—Helen Lee Woolsey, Tom Jones, Barbara Ann Jannopolou.

A surprise gift by the students in photography, to their star pupil, Father Patterson was awarded for his outstanding work, in this class.

In this unique church school, the motivating spirit of the leader has been fully met by the splendid response of all those who have been privileged to work with him.

Two Barns Burn On Murrayville Farm On Sunday Morning

Spontaneous Combustion Is Blamed For Loss Of Two Buildings

Murrayville—Two barns, filled with alfalfa, small grain and corn, were completely destroyed by fire Sunday morning between 7 and 8 o'clock, on the farm occupied by Mr. and Mrs. John Carwell, and owned by Mrs. J. W. Walton, of Jacksonville. The loss was partially covered by insurance.

Spontaneous combustion is believed to have been the cause of the fire. Fresh cut alfalfa in bales recently had been stored in the barn.

No estimate of the loss had been made yesterday. There were approximately 175 bushels of threshed oats, a large amount of bundle oats, a new set of harness, and some feed consisting of hay and corn in the barns.

Mr. Carwell had just finished his morning chores and returned to the house, when he heard the flames crackling. There was no water available to fight the flames.

FUNERAL SERVICES FOR MRS. HOLLOWAY HELD HERE SUNDAY

Memorial services for the late Mrs. Ora Holloway were held at the late residence, 230 West Douglas, Sunday afternoon, in charge of the Elder Homer Evans of Winchester. Burial was in the Winchester cemetery.

The quartette of Ben Denney, Maurice Peckham, A. W. Waitman and Emmerson Lewis, sang, "Beautiful Isle of Somewhere," "Going Down the Valley" and the "Old Rugged Cross."

In charge of the flowers were the Misses Faye Winner, Almada Crawford, Mrs. Opal Taylor, Mrs. Almond Walker, Mrs. Herbert Weatherford and Miss Ruth Carey.

Pall bearers were Otis Taylor, Russell Taylor, Austin Little, Almond Walker, Loren Young and Basil Kennedy.

Kate Perry Holloway, wife of Ora Holloway, was born in Exeter February 13, 1877, daughter of Edgar H. and Nellie Grady Perry, and passed away at her home in Jacksonville July 24, 1936, being at the time of her death 59 years, 5 months and 11 days of age.

She was united in marriage to Ora Holloway July 17, 1895. She is survived by her husband and the following children: Earl, of Iowa; Elsie Smith, Roodhouse; Ray, Winchester; Louise Gutekunst, Fern Harrell and Freda Bates, Jacksonville; Eileen, Roena and Lucille. Also 17 grandchildren.

Young Republicans Of State Pledge To Support Alf Landon

Local Group Attends State Convention At Peoria Sunday, Yesterday

Peoria, Ill.—(P)—Young Republicans of Illinois, praised by Gov. Alf M. Landon, yesterday were pledged to fight in the national and state anti-democratic campaigns after a state convention at which dissension cropped out but once.

The Kansas governor, whose name was cheered vigorously sent a telegram telling the delegates that they expressed "in their inherent vitality the spirit of America that is rallying for a restoration of the glorious heritage of America."

C. Wayland Brooks, the nominee for governor, was one of the speakers at yesterday's meeting, which ratified previously elected officers in spite of some protests of "railroading" and shouts of "no."

"Jobs are inherent in progress and there can be no progress under the heavy hand of government," Gov. Landon telegraphed.

"Governments can act only through the taxing power and the police power and both of these powers are expressed only in force, the ultimate of which is forced labor."

"I call your attention to the conditions existing in the United States across the sea. These conditions are due to the fact that government has sought to do what only free men can do."

Col. Frank Knox of Chicago, the vice presidential nominee, and National Chairman John D. M. Hamilton also sent greetings.

"You must halt national bankruptcy and socialization by rallying to the defense of the Republican forces," Brooks told the delegates.

"Wherever I go throughout Illinois the army of young men and women is rising like a tidal wave. On November 3 the youth of America will sweep before them the alien systems and false prophets that have sought to enslave and regiment our people."

Thomas J. Downs of Chicago, president of the Young Republicans, urged that they be given greater recognition and joined with State Senator J. Kenneth Bradley of Connecticut, National President, in a plea for intensive campaigning.

About twenty members of the Morgan County Young Republican club went to Peoria to attend the convention Sunday. Delegates and alternates were appointed last week.

Those attending included Miss Vivian Carlson, Mr. and Mrs. Byron Stone, Miss Gertrude Hamilton, Mr. and Mrs. Paul Baker, Morris Smith, Paul Osborne, Paul Galtens, Francis Allen, Gen. Goveia, Mr. and Mrs. Fenstermaker, Mr. and Mrs. Holland Burnett, Mr. and Mrs. Edward Alexander, Harold Strawn.

523 South Diamond street were united in marriage at 4 o'clock Sunday afternoon at the home of the bride groom's parents.

Rev. Francis E. Smith officiated, using the single ring service. As Mrs. Clyde Black played the wedding march from Lohengrin the bride party approached, forming a group in front of a beautiful altar, which had palms and ferns as a background, and with large baskets of white gladioli and altar candles with lighted candles.

Preceding the ceremony J. F. Valentine of Peoria sang "I Love You Truly" accompanied by Mrs. Black on the organ.

The bride was charming in a gown of flowered chiffon with white accessories. Her large bouquet was of bride's roses and baby's breath.

As matron of honor, Mrs. J. F. Valentine of Peoria, a college classmate of the bride, was attired in a dress of flowered chiffon, with matching accessories. She carried a bouquet of Johanna Hill roses.

The bridegroom wore a palm beach suit and his best man, Eugene Mason

was attired in a suit of linen.

Following the ceremony a reception was held in the garden for the bride party and guests, including seventy-five close relatives and friends.

Immediately after the reception, the bride couple left for a wedding trip to Minneapolis and other cities in the north. For her going away dress, the bride wore an outfit of natural shantung with brown accessories.

Mrs. Hopper was graduated from the Jacksonville High school with the class of '30. She attended MacMurray College, being a member of the class of '34. Recently she has been in charge of the Postal sub-station.

Mr. Hopper is a graduate of the Jacksonville High school with the class of '29 and Illinois College, class of '34. While in college he was a member of Gamma Nu society. He is now manager of the R. S. Hatch Florist company, Oak Park, Illinois.

Out-of-town guests in attendance at the wedding were: Mr. and Mrs. R. S. Hatch and family, Oak Park; Philip Barton, Oak Park; Mr. and Mrs. J. F. Valentine of Peoria; Mrs. Doris McClelland, Gilman City, Missouri; Miss Georgia Smiley of Urbana; T. J. B. Peak of Girard, Kansas.

Large Audience At Union Service Hears Dr. H. T. Morrison

"Discovering Reality" theme Of Enlightening Talk Sunday Evening

A large audience heard Dr. H. T. Morrison Sunday evening at the union outdoor service. The speaker presented his message in a unique and forceful manner. The theme was "Discovering Reality." He presented the facts relative to Kepler who believed that in what was a void to human vision there were realities which had not yet greeted the rapt vision of the astronomer. He died never convinced that his theory was based on fact. However others who followed him discovered planetoids and verified the expectations of Kepler.

The speaker then indicated that there are unrecognized realities in literature which reward the patient seeker; that in art there are hidden realities which only the artist recognizes and sees.

The climax of the sermon came when the speaker emphasized the fact that there are undiscovered realities in religion; the average person does not find them; often the efforts of the ordinary person, if he persists in his quest, will be liberally rewarded and he finds these realities which make more certain the fundamentals of human faith and the religious experience of the individual. Dr. Morrison selected as a text the words in Hebrews 11:1 "Now faith means that we are confident of what we hope for; convinced of what we do not see."

Dr. M. L. Peltus presided during the service; Rev. F. E. Smith offered the evening prayer; the scripture lesson was read by Rev. George Scrimger and Mrs. Lois Hardin sang, "Blessed are the pure in heart." She was accompanied by Miss Aline Mathis.

Next Sunday evening Rev. J. R. Warlick, pastor of Brooklyn M. E. church will preach the sermon; Mr. Chalmers Giffen will preside.

AT BOSTON'S PARKER HOUSE. The chef beams over a Planked Sirloin Steak à la Parker. Half a million guests each year enjoy the famous cuisine of the Parker House. Martin J. Lavin, banquet manager, points out: "Camels are the favorite cigarette of those who love good food. They are first choice at the Parker House, at dinners and luncheons."

SMALL BUT SPEEDY. Petite Mrs. Ethel Arnold smokes a lot—Camels, of course. "I smoke Camels with my meals," says this tennis ace. "I find I enjoy my food more and digest it better too."

TONY MANERO, National Open Champ, says: "I had healthy nerves and good digestion as my allies. Naturally I would—I'm a Camel smoker."

Those who enjoy the goodness of Camel's mild, ripe, costlier tobaccos with meals and after say:
"—for Digestion's sake...smoke Camels"

"I EAT HEARTY," says Gus Kramer, master carpenter. "I smoke Camels and enjoy my meals more. Camels set me right!"

COSTLIER TOBACCOS!

One of life's most enjoyable experiences is the pleasure Camels add to eating. Each Camel helps to increase the flow of digestive fluids . . . alkaline digestive fluids . . . so necessary to digestive well-being. Enjoy Camels. Experience the cheery "lift"—the sense of well-being that Camels bring.

Camels do not get on your nerves or rasp your throat. Camels set you right—the whole day through!

Camels are made from finer, MORE EXPENSIVE TOBACCOS . . . Turkish and Domestic . . . than any other popular brand.

Grace Church Doings
The guest preacher was Rev. C. C.
Nordling of Bement. He delivered a
stimulating message that was follow-
ed with the closest attention. The
soloist was Mrs. S. G. Baker. The
Junior Chorus made their farewell ap-
pearance for the summer period. The
faithful service that the young peo-
ple have been rendering has been
greatly appreciated. Much credit is
due the committee responsible for the
organization and direction of the
chorus.

The Young Peoples' Union Service
was held at 8:30 on Academy lawn.
Dr. Hugh Morrison of Springfield
was the speaker at the union open air
service on the lawn of Grace church.
The Mid-Week Prayer Service on
the Wednesday evening is held in the
basement of the church, where it is
very comfortable. Mrs. J. I. Graham
will be the leader.
Dr. C. F. Buker of Quincy will oc-
cupy the pulpit next Sunday.
Sunday school attendance was 230
and the offering was \$6.49.

TO MOVE PORTRAITS OF FORMER GOVERNORS

Friends in the city have received
the announcement that the por-
traits of former Governors of Illinois,
the late Richard Yates and Len Small
will be moved into the outer reception
room of the Governor's State office,
sometime this week.
Portraits only of living Governors
are hung in the inner reception room.
It is understood the portrait of Rich-
ard Yates may be placed alongside
that of his distinguished father.

Hoffman Family Returns From West

Local Power Co. Head Tells
Of Drouth Conditions
In Kansas

Mr. and Mrs. J. R. Hoffman and
their daughter, Virginia, have just
returned from a two weeks' trip
through several western states. They
spent several days in the Rocky
Mountain National Park, near Estes
Park in Colorado, and while there
they met a number of Jacksonville
people, including Dr. and Mrs. El-
sworth Black, Pres. and Mrs. C. P.
McClelland of MacMurray College,
and Dr. and Mrs. A. L. Adams. Dur-
ing their stay at the park the Hoff-
mans stayed at the Fall River Lodge.
After leaving Colorado the Hoff-
mans went to Cheyenne, Wyoming,
where they attended the annual rodeo
which is the most famed of the "Wild
West" shows.
The trip through eastern Colorado
and western Kansas was the worst
part of the trip, Mr. Hoffman said.
Not a single green thing was seen in

that whole area, not even a green
weed.
Illustrating how terrible the weath-
er conditions are on the plains, Mr.
Hoffman described a conversation he
had with a resident of western Kan-
sas. When the Kansan was asked
whether it got any cooler in the eve-
nings, he replied, "Oh, yes, sometimes
it gets down to around 100. That may
not sound like relief to you folks, but
when the thermometer stands at be-
tween 120 and 130 all day, it sure
seems good to us."
Mr. Hoffman used a piece of dry
ice in his car to cool the Kansas air,
and reports that it helped reduce the
heat a great deal.

Four Injured, One Seriously In Car Crash at Roodhouse

Car Overtakes In Ditch After Skidding In Loose Gravel Sunday Night

Roodhouse—Four persons were injured, one seriously, when an automobile in which they were riding overturned in a ditch eight miles east of Roodhouse Sunday night after skidding in loose gravel.

Miss Norma Smock, the most seriously injured, received a crushed chest, deep cuts on one arm and both legs, and burns from ignited gasoline when she was pinned underneath the car. She has been taken to her home here.

Thomas Craft, Lawrence Edward and Helen Mae Walker, other occupants of the machine, were less seriously injured. Craft suffered a slight concussion and a deep cut on his head, Miss Walker sustained an injury to her knee cap, and Edward sprained his right ankle.

The quartet were discovered by Lawrence Spencer, truck driver, who took all but Miss Smock to Roodhouse. The W. E. Reeve ambulance brought Miss Smock to Roodhouse, where all four persons received medical attention from Dr. N. J. Buckland.

The accident occurred about midnight when the car, in which the group was riding skidded in loose gravel, and then overturned in a ditch. Miss Smock was pinned underneath the car, which was demolished, and the other three persons were thrown clear of the wreckage.

JERSEYVILLE JUSTICE BEATS DRY WEATHER

Shows How To Raise Fine Vegetables This Year

Jerseyville—Justice Charles Mackelden who lives on North State street has a system of beating a dry summer when it comes to producing melons, tomatoes and other choice garden vegetables.

The melon vines were planted in old tubs submerged in the earth to the ground level. The advantage of such a procedure is very apparent during a hot dry season such as the present. The tubs confine and retain the moisture which Mackelden supplies from his local water supply.

A grass mulch is kept about the plants to prevent too rapid an evaporation from the damp earth. As a result of this procedure, the melon vines are as green and prolific as if they were thriving during an ideally moist season.

Mackelden raises his tomatoes within the confines of paper bags. The fruit is encased in the bags soon after it forms and never knows exposure to the torrid sun. The fruit ripens within the light and shade of the bag, and Mackelden reports that the texture of such varieties as Ox Heart and Ponderosa are much finer when ripened under such conditions.

Next season Mackelden will apply the moisture conservation plan to his tomato plants as well as melons, utilizing old buckets for the tomatoes.

The tubs and buckets will have their bottoms perforated to permit a certain amount of drainage and moisture escape to prevent souring of the soil within the vessels. The Mackelden is in the employ of the Department of Agriculture, inspection of apiaries. He reported that some bee keepers will harvest a nice crop of honey in spite of the dry weather, the sweet clover providing excellent bee pasture.

Rev. Steinkraus To Take Month's Leave

Will Appear In Many Pulpits During Vacation Trip; Jersey News

Jerseyville—Rev. W. A. Steinkraus will enjoy a vacation during the month of August from his duties as pastor of the Jerseyville Baptist church and Sunday, July 26th conducted the last services here before leaving on his trip.

He and Mrs. Steinkraus will leave the last of the week for Columbia, Ga. where Rev. Steinkraus will occupy the pulpit of the Rose Hill Baptist church on Sunday, August 2nd. Dr. George C. Gibson, a friend and classmate of Rev. Steinkraus, is pastor of the Rose Hill church and he occupied the Jerseyville pulpit last May.

On August 9th, Rev. and Mrs. Steinkraus will attend a reunion of the families of both the father and mother of Mrs. Steinkraus, which will be held at Lincoln, Mo. About two or three hundred members will be in attendance and Rev. Steinkraus will deliver the sermon of the day.

After a week's visit in Lincoln, Rev. and Mrs. Steinkraus will return to Jerseyville where the latter will remain. Rev. Steinkraus and son, Carl, will then go to Michigan to spend a week with relatives at Wall Lake. Rev. Steinkraus will preach on that Sunday at the Grand River Avenue Baptist church in Detroit, Michigan, which congregation he organized in 1921. At that time it had a membership of 38, while the present congregation numbers over a thousand. Rev. Roy Williamson, who was formerly pastor of the Bethel church in Jersey county, has been pastor of this church for the past eight years.

On the last Sunday of his vacation, August 30th, Rev. Steinkraus will occupy the pulpit at his home church in Bloomington, Ill., of which congregation Rev. Ralph Carson, son of Rev. and Mrs. A. B. Carson of Jerseyville, is pastor.

During the pastor's absence, only the Sunday school sessions will be held at the Jerseyville Baptist church, the morning and evening worship being dispensed with during August. The annual meeting of the church will be held Wednesday evening at six-thirty o'clock beginning with a pot luck supper. Officers for the coming year will be elected and reports from all departments will be made. Mrs. J. J. Jenkins' class has charge of the supper and devotionals.

Visit Movie Star Hon. and Mrs. Dwight S. Delbey of Beatrice, Nebraska, who are spending some time at their home in Jerseyville, are personal friends of the young movie star, Robert Taylor, and visited recently with him in Hollywood.

Taylor, who in private life is known as Arlington Brugh, is the son of a Nebraska physician, now deceased, who was the medical advisor of Mr. and Mrs. Delbey and the families were friends.

The local people have known Taylor since he was a child and recall that his present position in the eyes of the movie world is the culmination of a career begun in his high school days. The young man was quite prominent in high school dramatics and public speaking. He is a graduate of the

Pomona High school in Pomona, California, and of Doane College in Crete, Nebraska, and was rated as an outstanding student of the school.

In addition to his regular routine class work, Mr. Delbey says young Taylor is a talented cellist and appeared on many programs. During his summer vacations he worked with orchestras and at one time was a radio announcer.

Fire Causes Damage Of \$2,000 In Ceres on Sunday Morning

New Truck, Car, and Light Plant Lost In Blaze Near Murrayville

Murrayville—Fire, breaking out Sunday at 4:30 a. m., caused damage estimated at \$2,000 in the garage of the general stores at Ceres, near here, operated by Mr. and Mrs. Lonnie Strommatt.

A new truck, used for hauling grain, an automobile, a Delco light plant, feed for chickens and stock, a few chickens, and many other miscellaneous items stored in the garage were consumed by the flames.

Mrs. Strommatt heard the flames crackling and roused her husband. Flames enveloped the building in a short time.

Friends and neighbors gathered quickly and fought the fire away from the store, which was threatened. There was no insurance on the building or its contents.

Championship Fight Between Braddock and Max Schmeling Set For Last of September

New York, July 27.—(P)—The on again, off again world's heavyweight championship fight between James J. Braddock and Max Schmeling was definitely on tonight.

It will be held during September in Madison Square Garden's big long Island bowl, with the Garden and the 20th Century Sporting club as joint promoters.

After weeks of wrangling, the two big New York clubs got together today. Everything was satisfactorily settled except the date.

It will be between September 24 and September 30.

The Garden and the 20th Century will divide the profits fifty-fifty after all expenses have been paid Mrs. W. R. Hearst's milk fund, which has been

closely associated with the past shows of the 20th Century, will not be a participant.

Although officially listed as a joint promotion, the fight actually will be a garden show. Besides attending to the stadium set-up, the Garden will sell the tickets, handle the publicity and be in entire charge of all promotion.

Except to share in the profits, if any, Mike Jacobs, head of the 20th Century club, will not be actively identified with the promotion save in an advisory capacity.

Neither club will have an option on the champion after the September fight. The victor will emerge from the bout free to do business when and where he likes.

Athletics Tounce White Sox 15 to 8

Hal Finney Leads Batting Attack For A's

Chicago, July 27.—(P)—Paced by Hal Finney, the Philadelphia Athletics pounded out 25 hits, snapped Vernon Kennedy's winning streak at nine pitching victories, and defeated the Chicago White Sox 15 to 8 today. It was the fourth straight setback for the Sox, who previously had won 17 out of 21 games.

Finney connected with a triple and four singles and scored four times every member of the Athletics got at least one hit and the Sox pined out 15. Zeke Bonura was the big gun in Chicago's offensive with a double and three singles.

Kennedy yielded 14 hits and eight runs before giving way to Clint Brown in the sixth. The Sox tied the score in the eighth with four runs on doubles by Appling, Haas, Radcliff and Rosenthal, but the A's came back and scored seven times in the ninth at the expense of Red Evans and Sam Cain.

Friday Club Has Meet in Chapin

Mrs. C. F. Duckett Is Hostess; Other News Notes from Chapin

Berlin.—(P)—Mrs. Eleanor Holm Jarrett, 22-year old backstroke swimmer dropped from the American Olympic team for violation of training rules, was determined today to remain in Berlin for the duration of the games.

She had under consideration various offers to capitalize on the publicity attendant on her controversy with Olympic officials over her participation in gay shipboard parties.

A writing offer from the United States and one for a vaudeville tour were sent her, but she was undecided about accepting them.

Officials of the American team paid scant attention to the charges made by the swimmer Saturday that they had been guilty of "misconduct" en route to Berlin and had neglected their responsibilities.

The only reply came from Gustavus T. Kirby, who denied Mrs. Jarrett's statement that the mock marriage and trial given as entertainment on the Manhattan was "shocking."

"There was nothing to offend anybody," he said. "The whole thing was done in the spirit of fun without anything offensive whatsoever."

The American Olympic committee ended its official responsibility for Mrs. Jarrett's maintenance in Berlin at noon yesterday, but offered to provide her return passage to New York before during, or after the games.

Miss Mabel Clements of Kansas City is the guest of Mrs. Mary Onken.

Mr. and Mrs. R. F. Munn and son David of St. Charles; Mr. and Mrs. Werner Onken and children, Ruth Marie and Marie Drable of St. Louis; Mr. and Mrs. B. H. Allen and family of Petersburg were Sunday guests at the Gustav Onken home.

Mr. and Mrs. Munn are remaining until Tuesday when Mr. and Mrs. Onken will return home with them for a visit.

Tom Allen of Petersburg is visiting his grandparents, Mr. and Mrs. G. A. Allen.

Mr. and Mrs. H. K. Onken and children Mary, John and William and Miss Clements motored to Ottawa Sunday where Mary joined her girl Scout group on a camping trip.

Miss Audrey Drake of near Pittsfield is visiting her sister, Mrs. Floyd Hynes.

James Rankin who has been working in Petersburg the past three weeks returned home Sunday.

Miss Helen Vanter and a friend from Chicago are visiting at the Alva Vanter home.

Mrs. Mattie Fox who has been visiting at Freeburg and near Pittsfield has returned to her home here.

Mr. and Mrs. Harry Killiam of Markham were guests Sunday evening at the J. E. Herbert home.

Miss Bernice Spies returned home Monday from St. Louis where she had been the past week visiting Miss Kathryn Houghton.

Miss Hazel Adams is slowly convalescing from a severe illness.

Browns Win from Red Sox, 7 to 5

Bottomley Sets Pace With Three for Four

St. Louis, July 27.—(P)—Old Jim Bottomley batted out a pair of doubles and a single in four times up today and furnished a punch that gave the cellar-riding Browns their second win in two days, a 7-5 decision over Boston.

Werber hit a homer for Boston and Solters contributed one for the Browns as the two teams opened a four-game series.

Russ Van Atta relieved Andrews on the hill for the Browns after the fifth and held the gold-plated Sox to three hits thereafter. Wilson was charged with the defeat.

Illinois College Athlete Ends Successful Campaign With 512,372 Vote Total

Piling up a total of more than half a million votes, Willis Munger held a successful football career last night by landing squarely in a berth on the All-Star squad which will tangle with the Detroit Lions in Soldier Field September 1. The "lilt-able giant" who has been upsetting opposition tries at the line for four years as a guard on the Illinois College grid squad, and who has been rewarded by a place on the All-Conference team the last two years, finished his campaign with 512,372 votes.

This number placed the Beardstown boy sixth in the standings, but with an ample margin of safety, as seven of the numerous candidates for the position were called to the squad.

The startling number of votes which Werber, 3b, poured into the Tribune headquarters of the poll is ample testimony to the work which has been put into the campaign by loyal supporters, not only in this community, but over Illinois and surrounding states. Local managers of the campaign are loud in their praises of Frank Kalteux, Sr., a Chicago man who has been instrumental in collecting thousands of votes in Chicago and outlying districts, as well as in some downstate areas. Mr. Kalteux, who became interested in Illinois College when his son Frank entered as a Freshman last fall, backed the campaign from the start by lending his personal support and suggestions with regard to organization.

President H. C. Jaquith of Illinois College, who returned from Chicago last night, reports that the Chicago students of the college virtually combed the city during the past two weeks collecting votes for Munger. Many of them work as lifeguards on Lake Michigan beaches and were able to turn in thousands of signatures. Others canvassed gathering places of all kinds in the interest of the local athlete.

They were on hand to meet Munger when he arrived in Chicago Saturday night, and together with Mr. Kalteux and President Jaquith went to the Tribune offices where they turned in about 25,000 votes to Arch Ward, sports editor who has been in charge of the poll. A celebration of victory was being planned for last night.

Munger expects to return to Jacksonville Thursday to dig out his football togs and begin practice. He will report for practice with the squad August 15 at Chicago, where he will remain until after the big game. The squad will be split after the All-Star game, with one half traveling east and one west for exhibition games.

The entire squad is made up of 56 players from all over the nation. The eleven who finished highest, by position, will form the starting lineup, but the majority of those who will answer the call will probably see action in the game.

The starting lineup, barring injury or other unforeseen circumstances, will be as follows: Ends—Miller, Notre Dame; Topping, Stanford; Tackles—Smith, Minnesota; Guards, Oech, Minnesota; Methodists; Guards, Oech, Minnesota; Tangora, Northwestern; Center—Jones, Ohio State; Quarterback—Riley Smith, Alabama; Halfbacks—Berwanger, Chicago, Shapesspeare, Notre Dame; Fullback—Beise, Minnesota.

The other members of the squad, as reported by the Associated Press, are as follows:

Ends: Frank Loeb, Purdue; James (Monk) Moscrip, Stanford; Marty Peters, Notre Dame; Trevor Rees, Ohio State; Louis Zarza, Michigan State; Eddie Erdelatz, St. Mary's (California); and Jack Brittingham, California.

Tackles: Roy Reynolds, Stanford; Dick Pfeffer, Notre Dame; Charles Wastek, Colgate; Larry Lutz, California; Joe Stydahar, West Virginia; and Amerino Sarno, Fordham.

Guards: Jim Karcher, Ohio State; Dan Fortmann, Colgate; Eddie Gryboski, Illinois; Willis Munger, Illinois College; and Phil Flanagan, Holy Cross.

Centers: Dale Rennebohm, Minnesota; Al Lind, Northwestern; Darrell Lester, Texas Christian; and Wagner Jorgensen, St. Mary's (California).

C. L. A.; Jim Lawrence, Texas Christian; and Bill Renner, Michigan.

Fullbacks: Dick Crayne, Iowa; Don Elser, Notre Dame; Bobby Grayson, Stanford; Chuck Duvall, Northwestern; Don Irwin, Colgate; Pepper Cornblatt, Princeton; and Taldon Maston, Texas Christian.

Brooklyn Defeats Pittsburgh 6 to 3

Win Third in A Row from Pirates

Brooklyn, July 27.—(P)—Behind the effective hurling of Fred Frankhouse, the Brooklyn Dodgers equalled their season's longest winning streak today when they defeated Pittsburgh 6 to 3 for their third successive victory over the Pirates.

Frankhouse had only one bad inning, the third, when the Pirates bunched five hits to score all their runs. The veteran right hander weathered the storm, however, and went on to stop the Bucs with two hits over the remainder of the route.

Cy Blanton limited the Dodgers to one run and two hits for three innings, but in the fourth they got to the Pittsburgh hurler for four hits, which yielded three runs. Two more hits and another run in the fifth brought Waite Hoyt in from the bullpen. He was touched for a run in the seventh and then gave way to a pinch hitter, Bill Swift finishing the game.

Buddy Hassett, snapping out of a slump, and Linsus Frye accounted for five of Brooklyn's runs and four of the ten hits. The former drove in two runs with a triple and a double while the latter sent three across the plate with a triple and single.

England Will Not Intervene

Report England and France Agree To Stay Out Of Civil War In Spain; Rebels Turned Down By Blum.

BRITISH AID NOT ASKED

London — (AP) — Great Britain will join France in a rigid policy of non-intervention in Spain's civil war, it was stated in Downing street today.

Authoritative circles received with relief the news that Leon Blum's French government would not yield to Madrid's entreaties for arms and ammunition.

It had been feared French assistance to the Loyalist Leftist government in Spain might lead Italy or Germany to rally to the rebel side, with consequent international repercussions.

So far Spain has not asked for British help to put down the rebels, it was stated.

One Dies As Plane Crashes Into Sea; Three Are Injured

News Plane Was Photographed by Queen Mary; Writer Tells Story

By FRANCIS W. CARPENTER
(Associated Press Staff Writer)
Aboard S. S. Exermont, En Route to New York—(AP)—Eight men, survivors of a fateful airplane dive into the Atlantic Ocean off Nantucket Lightship, and their dead companion were rushed to New York today.

The large Bellanca cabin plane, piloted by Capt. William Wincapaw, veteran New England flier, crashed yesterday after it had circled the British liner, Queen Mary, so several Boston newspaper photographers could take pictures.

Edwin T. Ramsdell, 46, Boston Post photographer, died shortly after the accident, apparently from internal injuries.

Walter Jordan, of the Christian Science Monitor, and William Reiter, vice president of La Touraine Coffee Company, owner of the plane, suffered deep head gashes in their attempts to escape from the plane.

Others in the party, all uninjured, were Herbert Stier, Boston Herald photographer, George Mason, of Boston, vice president of the National Aeronautical Association; Ezra S. Eaton, of Brookline, Mass., president-treasurer of Thompson's SPA, Inc., Leslie Cain, 26, of Rockland, Me., and myself.

We had circled the Queen Mary and were taking pictures off her stern when the plane got caught in a downward draft about 200 feet above the water. It lost altitude despite Capt. Wincapaw's desperate attempts to nose the ship up.

As we fell toward the water Wincapaw yelled to Stier in the co-pilot's seat "we're going down. We're going down."

We snatched the water hard. We didn't realize the danger until we saw the left wing crumple and felt water rushing in. Mason and Stier battered the rear door open.

As I swam to the surface I got caught in a wire, but Stier freed me. Eaton lay groaning on the end of a pontoon. Reiter bobbed up at the other end, blood streaming from his head. Cain was holding up Jordan, whose head was cut.

Capt. Wincapaw and Ramsdell were on another pontoon. We saw Ramsdell slip into the water and go under. Wincapaw dived after him. He went under a second time and a second time Wincapaw brought him to the surface.

The plane fell about 300 yards in front of the Exermont and Capt. Lundmark quickly put over a boat and we were taken aboard.

New York—(AP)—The Queen Mary rode into New York harbor today with a new trans-Atlantic record.

Britain's superliner wrested the blue ribbon of the Atlantic from the French liner Normandie by completing the passage from Cherbourg breakwater to Ambrose Lightship in four days, eight hours and 37 minutes.

This record, given as the official time by the Queen Mary's commander, Sir Edgar T. Britten, clipped three hours and five minutes from the record established last summer by the Normandie on her maiden voyage.

The 80,000-ton ship, after anchoring at 12:15 a. m., eastern standard time, of Ambrose Light, proceeded leisurely toward quarantine where she stopped at 4:25 a. m.

The Cunard White Star Line, owner of the Queen Mary, laid no claim to the speed-by-hour record. Officials said the ship's average speed was 29-61 knots or .03 short of that of the Normandie.

They explained the Queen Mary had taken a shorter course than that followed by her French rival, which figures the journey from Southampton Light.

The Queen Mary's fastest time on the voyage was 760 miles at an average speed of 30.40 knots from noon Friday to noon Saturday. The highest speed made by the Normandie was 31.5 knots.

The record voyage of the British liner was made over smooth seas and under bright skies. On her maiden trip in May og slowed down her time.

His answering laugh was weak. "I—I want to tell you where I'm going," he said. "You might hear of it and misunderstand. I have to go to the Fraziers for dinner. You see the last time they asked me I had something to interfere. I simply didn't dare turn them down this time."

"No," agreed Helena dully. "No, you couldn't do that. Not after last night."

"Helena! Last night has nothing to do with it. You do understand how it is, don't you?"

She told him that she did, and Lassiter promised to telephone again soon. But at 6, long after the store was quiet, Helena broke. Her head in her arms upon the desk, she burst into tears.

Finally the tears stopped, but she did not raise her head. She felt too weary, too utterly alone to open her eyes upon the world.

There was a tentative rap at the door, and through the frosted glass she saw the outline of a man. Hurriedly she powdered, tried to rearrange her hair. Then, "Come in," she called.

Harvey Jameson stood in the doorway. "I noticed the light," he said, "and I thought maybe I could persuade you to knock off and see a movie with me. If you haven't eaten, we can grab a bite on the way." Having spoken, he seemed afraid that he might have presumed too much.

Helena slammed shut the drawer of her desk, faced that friendly smile. "I'd like to!" she said.

County Map To Be Shown At State Fair

Federal Government To Put Contour Map On Display

The Federal Government will cooperate with the state government in presenting a whole floor of Federal Exhibits at the Illinois State Fair August 15 to 23, it has been announced by Sveinbjorn Johnson, State Director of the National Emergency Council and the United States Information Service, under whose auspices the display will be shown.

An entire room has been reserved on the second floor, in back of the grandstand on the State fair ground, to house such interesting displays as a model village project, in miniature, presented by the Settlement Administration, and a model housing project prepared by the Public Works Administration Housing Division.

The contour of the country in Morgan County, including all of the creeks, watersheds and rivulets, can be seen in miniature on the scaled model map of Illinois that will be featured by the Works Progress Administration at the exhibit.

Displays at the Federal Exhibit will include: U. S. Engineers; United States Weather Bureau; Great Lakes Naval Training Station; Bureau of Air Commerce, and the Works Progress Administration and many other Emergency Agencies.

There's Profit For You

AT last he persuaded her. In her little apartment Helena dressed for the party in one of the simplest evening dresses she had been able to find at Henderson's. She discovered that she was looking forward to the Sunshine Club affair.

The dance was to be held on a huge open-air platform built especially for the occasion. When Lassiter and Helena parked near the pavilion she heard the rhythmic strains of a popular tune drifting down to them. Beyond the car, countless lanterns flickered through the trees. The two sat there a moment, not moving.

"Forgive me," he said. "Of course you wouldn't want to stay, under the circumstances." His face was white with rage. "Damn them," he said slowly and evenly.

Helena put her hand on his arm. "You mustn't be angry with them," she told him. "You mustn't get mixed up in this. You're in the bank. You've got to do business in this town."

Lassiter turned to her, took both her hands in his. "I never dreamed they'd do such a thing,"

James Butcher Is Drowned in River Yesterday Morning

Local Youth Steps in Hole At McKensie Beach

James Butcher, 18 year old son of Mr. and Mrs. Calvin Butcher of 360 East Wolcott street, drowned in 8 feet of water at 10:30 yesterday morning at McKensie Beach, Beardstown, when he stepped into a hole in the river bed, and failed to come up. He was pronounced dead half an hour after his body was recovered, 20 minutes after he went down.

Butcher's body was hurried to Schmitt Memorial hospital where every effort was made to resuscitate him. All efforts were futile, however, and he was pronounced dead by Dr. C. E. Soule after half an hour of desperate work.

Butcher had gone to Beardstown yesterday morning in company with Robert Williams, 804 North Clay avenue, in search of work. The two boys had completed their search and stopped at McKensie beach for a swim before continuing their return trip to Jacksonville.

According to Williams, Butcher appeared to step into a hole. Persons who are acquainted with the beach said today that there is a deep hole out some distance from the shore, caused by making an excavation to get dirt for levee building. The beach is fed by underground springs, and the water is extremely cold in several places.

It is believed that Butcher was seized with cramps. He was known to be a good swimmer.

Jacksonville police notified Mrs. Butcher of the tragedy. Mr. Butcher is engaged on a WPA project east of the city, and he also was notified.

Butcher was born in Virginia, Ill., August 14, 1918.

The victim is survived by his parents and Mrs. Myrtle Herrin of this city, and Arthur, Elmer, Clarence, Carl, Evelyn, Mary, Lloyd and June, brothers and sisters, all at home.

James Carnahan, Beardstown Boy Scout executive, recovered Butcher's body after Wallace Rohn, one of Beardstown's star football players, located the body in about eight feet of water.

The remains were brought to the Gilman Funeral Home last night. Funeral services will be held at the Gilman Funeral Chapel Wednesday afternoon at 2:30 o'clock.

Miss Jacksonville To Be Selected In Competition Friday

Official Unit Show of State Beauty Contest to Be Held Here

This Friday night, three out-of-town judges will determine the local girl to bear the title, "Miss Jacksonville," in the official unit show of the Illinois state wide beauty contest at the Fox-Ilinois theatre under the direction of the theatre and the Journal-Courier.

The winner will be selected according to the requisites of facial beauty, figure, grace and personal charm. There will be special entertainment including a nine piece orchestra and a stage show. The contest will begin at 8:45 p. m.

The State-Wide Beauty Pageant is being sponsored by the Illinois State Fair, Springfield, where the State Pageant will be held, Aug. 22-23, 1936. Two hundred fifty unit show winners will compete at Springfield in the official Illinois event.

The young lady selected here will be awarded a free all-expense trip to the State-Wide Beauty Pageant at the Illinois State Fair. If successful in winning the title of "Miss Illinois, 1936" she will receive a free, all-expense trip to Atlantic City, where she will represent this State in the "Miss America" Beauty Pageant late in September, and compete for the National Title, a large cash award, free trip to Paris and other prizes.

Each of the 250 unit winners expected at Springfield will have all expenses paid by the Beauty Pageant organization, according to E. J. Jordan, Regional Director, and will be joyfully entertained while at the State Fair.

The local show will be staged in a strictly clean and high-class manner. Girls will wear sports, afternoon or evening attire, bathing suits not being permitted.

Following is a list of merchants and the girls representing them for the title of "Miss Jacksonville":

Miss Babe Smith, Long's Pharmacy; Miss Helen Carlyle, Kresge's 5c-25c; Miss Maxine Thixton, The Emporium.

Miss Rosemary Madden, Mac's Clothes Shop.

TO HOLD PICNIC

There will be a Brooklyn church S. S. picnic at the South Jacksonville school grounds Friday evening, July 31. Those wishing transportation should be at the church at 3:30 o'clock. Bring sandwiches, a covered dish and table service. Those who have cars available should offer their services.

Mrs. Leo Rutledge of the Roodhouse community was a shopper in the city yesterday.

GUY HAWKINS RETURNS FROM VISIT IN KANSAS AND LANDON CEREMONY

Guy Hawkins, 513 W. State street, local wrecking contractor returned to Jacksonville yesterday after spending the past week with his daughter, Mrs. C. L. Robinson at Salina, Kansas.

He also attended the Landon notification celebration at Topeka.

Mr. Hawkins reports that while there was a good wheat crop in Kansas, several fields averaging 80 bushels to the acre, other crops have been practically destroyed by drouth and grasshoppers. In several sections of Kansas, Mr. Hawkins reported the grasshoppers not only destroyed crops but also consumed the leaves from fence fences.

There has been no rain in Kansas for several weeks, Mr. Hawkins reported. Crops in Missouri have suffered heavily from the drouth, he said. Temperatures in Salina were 116.

Mr. Hawkins stated last evening that he found crops in Illinois and especially in Morgan county, better than any place he visited.

Reader Describes Lost Corn Dollars In Morgan County

Estimates Drought Bill At Million and A Half On December Bid

The following observation was contributed by a reader who describes the "lost corn dollars" of Morgan county in an accurate and sharply realistic manner.

Figures given are presumably correct and form the basis for some estimate of the situation in the "Dust Bowl" states where the drought has exacted a heavier toll than in Illinois.

The letter follows:

"A few weeks ago, Morgan County had the largest acreage and the finest prospect for a corn crop in its history. Soil conditions at planting time were excellent and seeding was done early and under favorable conditions.

"Morgan County corn fields under normal conditions should have yielded about four million bushels this year. It is conservatively estimated that high temperatures have ruined half of the crop. At the present bid on December corn this is a gross loss of a million four hundred thousand dollars to corn growers of the county. And this on top of the loss of most of the 1935 crop and much of the 1934 crop.

"High temperatures have not only devastated the corn fields but have also seriously damaged garden crops. The heat has destroyed the bloom on tomatoes, sweet corn, beans, etc. If it continues it may destroy the bloom on the large acreage of soy beans in the county. Pastures are burned, waterways are drying up and many farmers are hard put for water."

The law requires that cyclists obey all traffic controls including stop lights, said Secretary Hughes.

When operated at night, bicycles must be equipped with a white light visible from a distance of 500 feet to the front of the vehicle, and with a red reflector or tail light visible from a distance of 500 feet to the rear.

Scott Green of the Salem church neighborhood was a business visitor in the city yesterday.

Carrollton Child Dies from Effects Of Swallowed Pin

Gary Adams Howard Passes Away At St. Louis After Rare Operation

Carrollton, July 27.—Gary Adams Howard, two years of age, only son of Mr. and Mrs. Arch Howard of this city, died at 5 a. m. Monday at St. Louis Children's (Barnes) hospital. His remains were brought here Monday by Mehl and Son. No arrangements for services are yet made. The child was born in Carrollton, July 20, 1934, son of Arch and Audrey Young Howard who with one sister, Shirley Ann, survive. He is also survived by a great grandmother, Mrs. Julia Adams of Glasgow and two grandmothers, Mrs. Eva Young of Glasgow and Mrs. Gus Howard of Hillview.

Gary Howard became ill almost five weeks ago, apparently suffering from throat trouble, after several days pneumonia developed for which ailment he was treated until last Tuesday. As the child showed no improvement, he was taken to Our Savior's hospital, Jacksonville, where x-ray photos revealed a large size open safety pin lodged at the bottom of the esophagus. The open point had penetrated one lung.

The child was rushed to the St. Louis Children's hospital where a very rare operation was performed, the pin was pushed into the stomach and closed and was removed in three minutes. Peritonitis had already developed and Thursday a second operation was performed. Friday it was necessary to again operate to remove the pus which had formed on the lungs, one of which had collapsed. Blood transfusions were also given but altho all known surgical and medical aids for such cases were used, the weakened child died Monday morning.
